

SHORT CV **Elena Lagoudi**

Thematic Area: TA1

Key areas of Expertise in Digital Heritage:

Museum collections, Digital services and infrastructures for GLAMs, Museum documentation, Mobile services for museums

Elena is an information and digital engagement specialist for cultural organizations with a focus on collections management, museum data and content strategy. Having worked for museums in the UK and Greece, she developed digital products, services and strategy for them. Now she is working for the National Documentation Centre in Athens as part of a team that develops SaaS services for the GLAM sector's digital collections.

ViMM has received funding from the European Union's Horizon 2020 Programme as Coordination and Support Action, under GA n° 727107
